## Customized Facials Dermalogica

First time getting a facial and not sure what to choose? No worries! Book our Customized Facial for a personalized experience tailored to your skin's needs.

A customized facial is a completely personalized facial designed to treat any and all skin concerns you are facing. Whether your focus is acne, hydration, anti-aging, facial brightening, deep cleansing or a combination. Our customized facial treatments can address these skin concerns for all skin types. Upgrade your services with spa enhancement. (if needed) The facial treatment includes a double cleanse, exfoliation, steam, extractions (if needed), facial massage, a customized mask, and the application of appropriate serums and moisturizers. Our skincare products are all professional-grade, and we exclusively use Dermalogica products in our treatments.

Dermalogica is a reputable skincare brand that uses only the highest quality ingredients to help you achieve healthy, beautiful skin. Their products are free from harmful chemicals and are specifically designed to work with your skin's natural processes.

# Massage

## Reflexology Massage (30 Mins) \$50

Reflexology is a therapeutic method that involves applying pressure to specific points on the body, such as the hands, feet, face, or ears, to stimulate nerves and promote healing. Its ability to stimulate nerve function, increase energy, boost circulation, induce a deep state of relaxation, eliminate toxins, stimulate the central nervous system, prevent migraines, clean up urinary tract conditions, speed-up recovery after injury or surgery, help relieve sleep disorders, reduce depression, and relieve pain.

## Prenatal Massage (60 Mins) \$79

Prenatal massage is a therapeutic bodywork designed to support and provide relief for women during pregnancy. It helps alleviate the discomforts associated with pregnancy, such as lower back pain, leg cramps, and swelling.

## Lymphatic Drainage Massage (45 Mins) \$69

Lymphatic drainage massage is a gentle, specialized technique designed to stimulate the flow of lymph fluid throughout the body. The lymphatic system plays a crucial role in the immune system, removing toxins, waste, and excess fluids from the body. This type of massage can be beneficial for improving overall health, reducing swelling, and promoting healing after surgery.

## Therapeutic Massage (60 Mins) \$83

Custom Therapeutic massage therapy incorporates a variety of modalities, or types of massage techniques, to ensure the best-individualized treatment to each guest. Using different combinations of massage, allows your Massage Therapist to explore which modality is most beneficial for your health and wellness. Customizing your massage session allows you to discover your preferred modality. The Massage Therapists will consult with you at the beginning of your session to determine what modalities are best suited for you. In a therapeutic massage, pressure levels can vary depending on the client's needs and preferences. All these treatments will along with the complimentary add-ons like hot stones, essential oils, and hot towels.

## Couples Retreat Massage (60 Mins) \$184

A couples massage is a relaxing experience where two people receive massages simultaneously in the same room by two therapists. It is a popular option for couples, friends, or family members who want to share a relaxing moment together.
